Jane Henney, M.D.  
Commissioner  
Food and Drug Administration  
5600 Fishers Lane, Room 1471  
Rockville, MD 20857

Dear Dr. Henney:

I am for freedom of speech on nutritional supplements and in favor of the FDA promptly approving claims filed for folic acid, vitamin B6 and vitamin B12 and cardiovascular disease; vitamin E and the risk of cardiovascular disease; psyllium husk seeds and the risk of heart disease; and for saw palmetto and the symptoms of benign prostatic hyperplasia.

In approving these claims, you will be giving consumers access to truthful and useful information while promoting public health.

Thank you in advance.

Sincerely,

*Margaret Feldkamp*
